SKILLS	JavaScript/ES6+ React/React Native Redux/Flux	Ruby/Rails Node.js MySQL/PostgreSQL	Git MVC jQuery	Bootstrap Webpack/Babel HTML5/CSS3/Sass	C GIMP Bilingual
---------------	---	---	----------------------	---	------------------------

PROJECTS **JunglBook**, *Sole Developer of full-stack social-media SPA*, [Live](#), [Github](#)

- ▶ Wrote custom real time client side form field validation in React and vanilla JavaScript to improve login UX
- ▶ Led entire project from wire framing and schema design to testing and deployment
- ▶ Produced full stack, single page application within 2 week deadline, completing 7 MVPs
- ▶ Utilized Rails framework for database validations and hand-rolled user authentication

QuickFit, *Frontend Lead for native mobile workout generator & fitness timer*, [Live](#), [GitHub](#)

- ▶ Led frontend team from component architecture, feature planning, to implementation
- ▶ Learned new technology stack while taking app from conception to deployment in under 10 days.
- ▶ Optimized timing algorithms by leveraging asymptotic Big O analysis and through pair programming

Punchout Lite, *Sole Developer of HTML5 boxing game based on NES Punchout*, [Live](#), [GitHub](#)

- ▶ Built by stacking multiple Canvas layers and utilizing JavaScript animation frame loop and OOP logic

WORK **Web Developer**, *Freelance*, Feb 2017 - Present

Consulted on and developed dynamic single page web applications. Latest project involves lead role in design and development of full-stack sports e-commerce web application built on React, PostgreSQL and Rails.

Sales Associate, *GNC*, Jun 2015 - Nov 2016

- ▶ Achieved regional top 20% in new membership conversion and targeted product sales KPIs
- ▶ Led onboarding for new team members by educating products and sales best practices
- ▶ Branch was consistently awarded for quarterly growth during tenure

Marketing Intern, *WellSeek Inc.*, Jun 2014 - Nov 2014

Approached by CEO to implement Positive Psychology principles to craft campaigns focused on empathetic marketing. Primary focus on brand development and social media campaigns and strategies.

- ▶ Implemented Google Analytics and provided SEO performance reports for decision makers
- ▶ Increased Facebook presence from zero to a few hundred within 3 months
